

INSTALLATION INSTRUCTIONS

Infrared Sensing

Adjustable Sensor

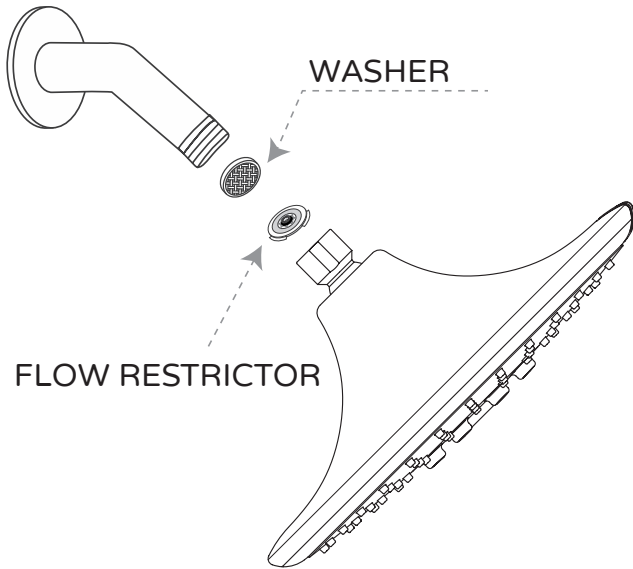

3 Color LED

Water Powered

REMOVE EXISTING SHOWERHEAD:
Be careful not to unscrew shower arm.

INSTALL YOUR NEW GENIE SHOWERHEAD:
Check showerhead to ensure washer and restrictor are in place. Carefully align threads and hand-tighten firmly. Do NOT overtighten. Do NOT use a wrench or pliers.

LED changes color according to water temperature:

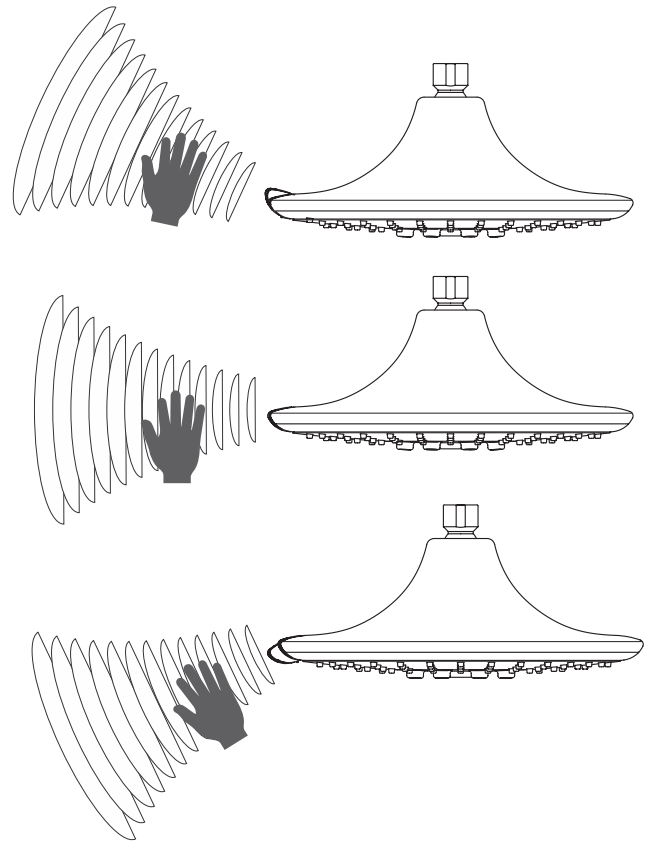

- <81°F BLUE
- 81°F TO 106°F GREEN
- > 106°F RED
